

Eurasian Auto Repair Partnering with the San Antonio Food Bank

The mission of the San Antonio Food Bank is to fight hunger in Southwest Texas through food distribution, programs, education, and advocacy. Eurasian Auto Repair would like to assist in this mission, and we're asking for help from our community to do so.

From November 9th until December 15th Eurasian Auto Repair will be partnering with the San Antonio Food Bank to get food where it is needed most in our city and surrounding areas. To do this we will be offering a donation station in our office as well as driving a 'donation match' campaign through this holiday season.

To donate goods directly, stop in our office at 15327 San Pedro Ave. San Antonio, TX 78232; Monday- Friday 7AM until 6PM or 8AM until NOON on Saturday, drop off your non-perishables, and receive a FREE Vehicle Health Inspection from one of our certified mechanics.

To donate monetarily drop in and drop off your check written to the San Antonio Food bank, or donate through our campaign platform; no matter how you choose to donate Eurasian Auto Repair will MATCH your donation up to \$500.00 until our goal is reached!

We chose the San Antonio Food Bank not only because we believe in their mission but, also because we believe in them. Last year the Food Bank helped the city by providing over 2.4 MILLION meals; over 35% of those meals went to children. To combat the COVID 19 pandemic they organized mega distributions to get food to those in need, serving over 120,000 people per WEEK and distributions were organized for drop-offs.
